LUXURY CAR PURCHASING PROCESS

At CVMGRUP, we firmly believe that our present and our future are linked. To our customers. We deal with clients (individual and government) at across the world (Africa, Europe, Asia). We are always looking for the perfection in all our sectors of activity.

In the automotive sector, we understand that a car is an investment and our wish is to satisfy your expectations (comfort, beauty, pleasure and value for money). Serving you and seeing you behind the wheel of your car is our ultimate goal.

To this end, we work with several large dealers across the States United. We only work on the recommendation of another client. This facilitates (financial) transactions a lot because a relationship of trust is established.

HOW DO WE OPERATE ?

1. We communicate with the customer to understand their needs.
2. We offer the customer choices based on their budget (quality, comfort).
3. We send him photos and discuss specifications to ensure that the vehicle is to his taste.
4. Our technicians (qualified automotive) perform a detailed inspection on each used car before shipping.
5. As soon as the choice is made, the customer authorizes the transfer (car payment) to the CVM account in the United States. (N.B – Note that we only work on the basis of L/C when a large order of vehicles or with government entities).
6. We receive the customer's ok (purchase authorization), and we make payment to dealer.
7. We obtain the title of the car and CVM puts it in the customer's name to allow them to collect it at its destination.
8. Our transport structure takes the car to the boat port.
9. The car will passport checks (verification that you purchased it via the American authorities)
10. The vehicle is loaded onto the boat. We send you the pro-forma invoice and the Bill of lading after the ship leaves the United States for your destination.
11. Approximately 1 month (+/- a week) after embarkation, the vehicle should be at the port of destination (port where the customer is located).
